Construction Updates

originally they were gonna be working on the ramp installation in front

they can't because they don't have parts, so not happening over the break

they will still be doing work, they will put a new counter in the main office. there will be a new countertop and one or two new cabinets, plus they will replace 15-20 door to make them ADA compliant, which means they have to remove the frames and rebuild the whole entrance.

they are getting ready to do work in the "elevator rooms" / elevator shaft. they need to be emptied of tables, chairs, desks, etc. they don't have a place for the storage, so they will get a container for the schoolyard 20 foot container will be put in the schoolyard. Might buy the container to keep it for recess equipment, etc.

the space will be coming back

major construction should be done by september, but there will be a punch list afterwards to tie up loose ends

Fundraising Report

direct appeal

giving tuesday - raised 120k vs 100k goal

at 85% of overall goal (195k)
